Department of Health Services Mental Health Plan Medi-Cal Provider List

ENGLISH

Services may be delivered by an individual provider, or a team of providers, who is working under the direction of a licensed practitioner operating within their scope of practice. Only licensed, waived, or registered mental health providers and licensed substance use disorder services providers are listed on the Plan's provider directory.

Screening for medical necessity is required for outpatient, non-emergency services. Please contact the Access Team at (916) 875-1055 or toll free at 1-888-881-4881 for availability, accommodation needs and referral to the listed providers. Deaf and hard of hearing individuals may contact the Access Team using video relay service or California Relay 711.

All Sacramento County Mental Health Plan providers will make interpreters available at no cost to the beneficiary.

For more information about Sacramento County's Provider List, please contact Member Services at (916) 875-6069 or toll free at 1-888-881-4881.

A double-asterisk (**) after the provider name indicates a culture/ethnic specific provider. All providers are required to attend County provided and/or equivalent cultural competence training approved by BHS as part of their agreement to provide services through the Sacramento County Mental Health Plan. All listed providers are accepting new clients.

All Sacramento County Mental Health Plan Providers are able to meet the access needs of individuals with disabilities, as defined by the Americans with Disabilities Act. The Sacramento County Access Team can help you determine the programs that can best meet your specific accessibility needs.
